The agency proposal follows:

**Summary**

The proposed amendment to N.J.A.C. 12:235-1.6 establishes the 2006 maximum workers' compensation benefit rates for temporary disability, permanent total disability, permanent partial disability, and dependency under the Workers' Compensation Law.

Because a 60-day comment period has been provided on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

**Social Impact**

The proposed amendment will ensure that payments to workers' compensation recipients entitled to maximum benefits will increase in line with the upward trend of wages in the State's economy, thus preserving the real purchasing power of their benefits.

**Economic Impact**

The proposed amendment will increase from \$666.00 to \$691.00 the weekly benefit rate received by individuals eligible for the maximum weekly benefit rate for temporary disability, permanent total disability, permanent partial disability, and dependency under the Workers' Compensation Law. The 2006 maximum benefit rate represents a 3.8 percent increase over the current maximum benefit rate.

This change will not raise employers' workers' compensation insurance costs. The Department does not expect to experience any economic impact as a result of the proposed amendment.

**Federal Standards Statement**

The proposed amendment does not contain any standards or requirements which exceed standards or requirements imposed by Federal law. The amendment increases benefit rates to individuals. As a result, an explanation or analysis of the proposed amendment pursuant to Executive Order No. 27(1994) is not required.

**Jobs Impact Statement**

The proposed amendment will have no impact on jobs in New Jersey. The Department does not anticipate an increase or decrease in jobs as a result of this amendment.

**Agriculture Industry Impact**

The proposed amendment will have no impact on the agriculture industry.

**Regulatory Flexibility Statement**

The proposed amendment does not impose any reporting, recordkeeping or compliance requirements on small businesses as that term is defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The proposed amendment increases benefit rates to individuals. Thus, a regulatory flexibility analysis is not required.

**Smart Growth Impact**

The proposed amendment will not have any impact on the achievement of smart growth or the implementation of the State Development and Redevelopment Plan.
